

Closed Drinking Water Treatment Facilities in the 10 County Region

This display is intended to show the closed and limited drinking water facilities in the 10 County Region as listed by Everett Baker in December 2015. The closed facilities are labeled with approximate closure dates, as recalled by Cary Sayre. Shape of icon indicates whether the plant is/was fed by ground or surface water.

ID	System Name	Yr. Closed
1	Atlanta	1985
2	Browning	1990
